

Guidelines Scannexus

Guidelines related to the COVID-19 pandemic

- We don't shake hands, but are happy to welcome you verbally!
- We ask everyone to wash / disinfect hands upon entrance.
- We ask everyone to cancel their visit/scan session whenever they experience illness or symptoms.
- We keep much distance as possible (at least 1,5m) and ask you to do the same

- In the waiting area, you can directly access the facilities to wash / disinfect your hands
- In the waiting area, we have created sufficient distance between the seats. We ask everyone who is not strictly required to be in the building, to wait outside.
- During all contact within our facilities where no 1,5m distance can be guaranteed, our employees will be wearing face masks and disposable gloves.
- If you have questions about a scan / experiment, ask them over the phone [043-3885668](tel:043-3885668) or email scanlabs@scannexus.nl as much as possible
- All research equipment and changing rooms will be cleaned after each use.
- When these guidelines are not followed up, don't hesitate to point this out to each other.
